

## Kegging and Bottling

Allow for 20-22L of liquid (there is bound to be some swirls and spills). We love kegging, bottling is fun too, so entirely up to you.

You can bring your own kegs or bottles. If you do bring your own, please ensure they are squeaky clean, we do not have the facility to clean your vessels here!

## Pricing guideline

### Bottle purchase:

Type and size	Cost per unit	Approx. number of bottles required	Approx. total cost
500ml flip-top (Grolsh) glass bottles	\$3.00	40	\$120
500ml crown top glass Crowns	\$2.00	40	\$80 Includes crowns

### Keg Purchase:

Good space saver and a way to reduce waste, they can be re-used many times over, for years and years.

Type and size	Cost
20L New Corney Keg Set Includes: pouring tap, mini CO2 regulator, and fittings - excludes gas cartridges	\$275.00
Keg only	\$145.00
